

Don't leave money on the table

The APWU Health Plan gives you money back for paying your Part B premium

How it works

The UnitedHealthcare® Medicare Advantage (PPO) plan for APWU Health Plan High Option retirees includes \$100 each month toward your Part B premium. You will get the \$100 subsidy based upon how you pay your Medicare Part B premium.

If you pay your Part B premium through:	Then...
A deduction in your Social Security benefit	The \$100 subsidy will be applied to your Social Security benefit
A quarterly bill from Social Security/Medicare	Your Part B bill will be reduced by 3 times the subsidy amount on a quarterly basis
A deduction in your annuity check	The \$100 subsidy will be applied to your annuity benefit

The Part B premium subsidy may not appear as a line-item credit on your statement. It will appear in the form of a reduced Part B premium charge.

A typical example*:

\$185
Part B premium charge
- \$100
Part B premium subsidy
<hr/>
= \$85
Part B premium charge to appear on your statement

It can take up to 90 days from when you enroll in the Medicare Advantage plan for the Part B premium subsidy to be applied for the first time. The first subsidy will be backdated to include any months missed.
