Good news for 2025

The Coverage Gap, or “donut hole”, has been eliminated and your out-of-pocket limit (the amount you and others on your behalf pay) is \$2,000. That means you're more protected from high drug costs in 2025.

Prescription drugs		
Deductible	Your plan has a \$590 prescription drug deductible (does not apply to Tier 1 drugs). There is no deductible for drugs in Tier 1. Your coverage for these drugs starts in the Initial Coverage stage. There is a \$590 deductible for drugs in Tier 2, Tier 3, Tier 4 and Tier 5. You pay the full cost for your drugs in these tiers until you reach the deductible amount. Then you move to the Initial Coverage stage.	
Initial coverage	In this stage, you'll pay your plan copays or coinsurance. The plan pays the rest. Once you, and others on your behalf, have paid a combined total of \$2,000, which includes the amount you paid towards your deductible, you move to the Catastrophic Coverage stage.	
Tier drug coverage (After you pay your deductible, if applicable)	Retail Cost-Sharing	Mail Order Cost-Sharing
	30-day supply	90-day supply
Tier 1: Preferred Generic	\$0 copay	\$0 copay
Tier 2: Generic	25% coinsurance	25% coinsurance
Tier 3: Preferred Brand ~	25% coinsurance	25% coinsurance
Tier 4: Non-preferred Drug ~	25% coinsurance	25% coinsurance
Tier 5: Specialty tier ~	25% coinsurance (limited to a 30-day supply)	25% coinsurance (limited to a 30-day supply)
Catastrophic coverage	Once you're in this stage, you won't pay anything for your Medicare-covered Part D drugs for the rest of the plan year. If your plan includes additional prescription drug coverage, you will continue to pay the cost-sharing amounts from the Initial Coverage stage for those drugs.	

Prescription drugs

~ Subject to Medicare guidance, coinsurance may not apply to Part D insulin products. You will pay a maximum of \$35 for a 1-month supply of each Part D insulin product covered by our plan even if you haven't paid your Part D deductible. Most adult Part D vaccines are covered at no cost to you.

If the actual cost for a drug is less than the normal cost-sharing amount for that drug, you will pay the actual cost, not the higher cost-sharing amount.

Your plan sponsor offers drug coverage in addition to your Part D prescription drug benefit. The drug copays in this section are for drugs that are covered by your Part D benefit. You can also view the Certificate of Coverage at retiree.uhc.com/att or call Customer Service to have a hard copy sent to you.

If you reside in a long-term care facility, you will pay the same for a 31-day supply as a 30-day supply at a retail pharmacy.
