Introducing the Plan

UnitedHealthcare® Group Medicare Advantage (PPO) plan

Dear ECMT Medicare-Eligible,

The Episcopal Church Medical Trust (Medical Trust) has chosen a UnitedHealthcare Group Medicare Advantage (PPO) plan that offers both medical and prescription drug coverage for you and your eligible dependents.

This plan delivers the benefits of Original Medicare (Parts A and B) and prescription drug coverage (Part D) in a single plan, not only providing you with an improved benefits experience, but also lowering your cost.

As a UnitedHealthcare Group Medicare Advantage plan member, you'll have a team committed to understanding your needs as a retiree and helping you get the right care.

Let us help you

- Learn about this new plan and the many benefits it offers, such as UnitedHealthcare Hearing, UnitedHealthcare Global Travel and Renew Active®
- Get tools and resources to help you be in more control of your health
- Find ways to save money on healthcare so you can focus more on what matters to you
- Get access to care when you need it

To speak with someone about plan choices and benefits, contact UnitedHealthcare at **1-866-519-5401**, TTY **711**, 8 AM-8 PM local time, 7 days a week

Plan Details

UnitedHealthcare® Group Medicare Advantage (PPO)

The Episcopal Church Medical Trust (Medical Trust) has chosen a UnitedHealthcare® Group Medicare Advantage plan, which includes medical and prescription drug coverage. The word "Group" means this plan is designed specifically for the Medical Trust. Only eligible retirees and their dependents can enroll in this plan.

It is a Preferred Provider Organization (PPO) plan that allows you to see any provider (in-network or out-of-network) at the same cost share, as long as they accept the plan and have not opted out of or been excluded from Medicare.

"Medicare Advantage" is also known as Medicare Part C. The UnitedHealthcare® Group Medicare Advantage (PPO) plan has all the benefits of Medicare Part A (hospital coverage), Medicare Part B (doctor and outpatient care), and includes Medicare Part D (drug coverage), plus additional benefits including hearing aids, travel and fitness.

Make sure you know what parts of Medicare you have

You must be entitled to Medicare Part A and enrolled in Medicare Part B to enroll in this plan.

- If you're not sure if you are enrolled in Medicare Part B, check with Social Security. Visit www.ssa.gov/locator or call 1-800-772-1213, TTY 1-800-325-0778, 8 a.m.-7 p.m., Monday-Friday, or call your local office
- You must continue paying your Medicare Part B premium to be eligible for coverage under this group-sponsored plan
- If you stop paying your Medicare Part B premium, you may be disenrolled from this plan

Medicare Advantage Coverage:

Medicare Part A Hospital

Medicare Part B
Doctor and Outpatient

Medicare Part DPrescription Drugs

Extra programsBeyond Original Medicare

How your Group Medicare Advantage plan works

Medicare has rules about what types of coverage you can add or combine with a group-sponsored Medicare Advantage plan.

One plan at a time

- You may be enrolled in only one Medicare Advantage plan and one Medicare Part D
 prescription drug plan at a time
- The plan you enroll in **last** is the plan that the Centers for Medicare & Medicaid Services (CMS) considers to be your final decision
- If you or any eligible family member enrolls in another Medicare Advantage plan or a stand-alone Medicare Part D prescription drug plan after your enrollment in the UnitedHealthcare GMA Premium (PPO) or GMA Comprehensive (PPO) plan, you will be disenrolled from these plans. This means that you and your family may not have hospital/medical or drug coverage through the Medical Trust.

Remember: If you drop or are disenrolled from another group-sponsored retiree coverage, you may not be able to re-enroll. Limitations and restrictions vary by former employer or plan sponsor.

How your medical coverage works

The UnitedHealthcare Group Medicare Advantage (PPO) — is a Preferred Provider Organization (PPO) plan

You have access to UnitedHealthcare's nationwide coverage. You can see any provider (in-network or out-of-network) at the same cost share as long as they accept the plan and have not opted out of or been excluded or precluded from the Medicare Program.

View your plan information online

Once you receive your UnitedHealthcare member ID card, you can create your secure online account at: **retiree.uhc.com/ECMT**

You'll be able to view plan documents, find a provider, locate a pharmacy and access lifestyle and learning articles, recipes, educational videos and more.

¹This means that the provider or hospital agrees to treat you and be paid according to UnitedHealthcare's payment schedule. With this plan, we pay the same as Medicare and follow Medicare's rules. Emergencies would be covered even if out-of-network.

²Refer to the Summary of Benefits or Benefit Highlights in this guide for more information.

How your prescription drug coverage works

The Medicare Part D prescription drug coverage included in your plan covers thousands of brand-name and generic prescription drugs. Check the plan's drug list to see if your drugs are covered. The plan's drug list can be found at **retiree.uhc.com/ECMT**.

Here are answers to common questions:

What pharmacies can I use?

You can choose from thousands of national chain, regional and independent local retail pharmacies.

What is a drug-cost tier?

Drugs are divided into different cost levels, or tiers. In general, the lower the tier, the less you pay.

Can I have more than one prescription drug plan?

No. You can only have one Medicare plan that includes prescription drug coverage at a time. If you enroll in another Medicare Part D prescription drug plan OR a Medicare Advantage plan that includes prescription drug coverage, you will be disenrolled from this plan.

Is there an option to have prescriptions delivered to my home?

Yes, prescriptions can be delivered to your home from Optum® Home Delivery through OptumRx, a UnitedHealth Group company.

Questions? We're here to help.

Ways to help save on your prescription drugs

You may save on the medications you take regularly

If you prefer the convenience of mail order, you could save time and money by receiving your maintenance medications from Optum® Home Delivery through OptumRx. You'll get automatic refill reminders and access to licensed pharmacists if you have questions.

Get a 3-month¹ supply at retail pharmacies

In addition to Optum Home Delivery through OptumRx pharmacy, most retail pharmacies offer 3-month supplies for some prescription drugs.

Ask your doctor about trial supplies

A trial supply allows you to fill a prescription for less than 30 days. This way, you can pay a reduced copay or coinsurance and make sure the medication works for you before getting a full month's supply.

Explore lower-cost options

Each covered drug in your drug list is assigned to a drug-cost tier. Generally, the lower the tier, the less you pay. If you're taking a higher-tier drug, you may want to ask your doctor if there's a lower-tier drug you could take instead.

Have an annual medication review

Take some time during your Annual Wellness Visit to make sure you are only taking the drugs you need.

Filling your prescriptions is convenient

UnitedHealthcare has thousands of national chain, regional and independent local retail pharmacies in our network.²

The UnitedHealthcare Savings Promise

UnitedHealthcare is committed to keeping your prescription drug costs down. As a UnitedHealthcare member, you have our Savings Promise that you'll get the lowest price available. That low price may be the plan copay, the pharmacy's retail price or our contracted price with the pharmacy.

¹Your former employer or plan sponsor may provide coverage beyond 3 months. Please refer to the Benefit Highlights or Summary of Benefits for more information.

²Network size varies by market.

What is IRMAA?

The Income-Related Monthly Adjustment Amount (IRMAA) is an amount Social Security determines you may need to pay in addition to your monthly plan premium if your modified adjusted gross income on your IRS tax return from 2 years ago is above a certain limit. This extra amount is paid directly to Social Security, not to your plan. Social Security will contact you if you have to pay IRMAA.

What is a Medicare Part D Late Enrollment Penalty (LEP)?

If, at any time after you first become eligible for Medicare Part D, there's a period of at least 63 days in a row when you don't have Medicare Part D or other creditable prescription drug coverage, a penalty may apply. Creditable coverage is prescription drug coverage that is at least as good as or better than what Medicare requires. The LEP is an amount added to your monthly Medicare premium and billed to you separately by UnitedHealthcare.

When you become a member, your former employer or plan sponsor will be asked to confirm that you have had continuous Medicare Part D coverage. If your former employer or plan sponsor asks for information about your prescription drug coverage history, please respond as quickly as possible to avoid an unnecessary penalty.

Once you become a member, more information will be available in your Evidence of Coverage (EOC). Your Quick Start Guide will include details on how to access your EOC.

Call Social Security to see if you qualify for Extra Help

If you have a limited income, you may be able to get Extra Help to pay for your prescription drug costs. If you qualify, Extra Help could pay up to 75% or more of your drug costs. Many people qualify and don't know it. There's no penalty for applying, and you can re-apply every year.

Call toll-free **1-800-772-1213**, TTY **1-800-325-0778**, 8 a.m.–7 p.m., Monday–Friday, or call your local office.

Questions? We're here to help.

Getting the healthcare coverage you may need

Your care begins with your doctor

- If your healthcare provider accepts Medicare, they likely participate in this plan.
- With this plan, you have the flexibility to see doctors inside or outside the UnitedHealthcare network. See below for why you should use a network doctor.
- Even though it's not required, it's important to have a primary care provider.
- Unlike most PPO plans, with this plan, you pay the same share of cost in and out of the network
 as long as they participate in Medicare and have not been excluded or precluded from the
 Medicare Program.
- With your UnitedHealthcare Group Medicare Advantage plan, you're connected to programs, resources, tools and people that can help you live a healthier life.
- If your doctor has questions, they can contact UnitedHealthcare directly at 1-866-519-5401.

Finding a doctor is easy

If you need help finding a doctor or specialist, just give us a call. We can even help schedule that first appointment. When you call your doctor, tell them you have a Medicare Advantage PPO plan.

Why use a UnitedHealthcare network doctor?

A network doctor or healthcare provider is one who contracts with us to provide services to our members. We work closely with our network of doctors to give them access to resources and tools that can help them work with you to make better healthcare decisions. You pay your copay or coinsurance according to the plan benefits. Your provider will bill us for the rest.

An out-of-network provider does not have a contract with us. With the UnitedHealthcare Group Medicare Advantage (PPO) plan, you can see any out-of-network provider as long as they accept the plan and have not opted out of or been excluded or precluded from the Medicare Program. You pay your copay or coinsurance according to your plan benefits. We will pay for the rest of the cost of your covered service(s), including any charges up to the limit set by Medicare. If your provider won't accept the plan, we will contact them on your behalf.

If a provider refuses to directly bill us and have not opted out of or been excluded or precluded from the Medicare Program, they may ask that you pay the full allowable amount up front. In that case, you can pay the doctor and then submit a claim to us. You'll be reimbursed for the cost of the claim minus your cost share.

Take advantage of UnitedHealthcare's additional support and programs

Annual Physical and Wellness Visit¹

An Annual Wellness Visit with your doctor and many preventive services at \$0 copay is one of the best ways to start your year off and stay on top of your health. Take control by scheduling your annual physical and wellness visit early in the year to give you the most time to take action. You and your doctor can work as a team to create a preventive care plan, review medications and talk about any health concerns. You may also be eligible to earn a reward* for completing and reporting your Annual Wellness Visit.

In-Home Preventive Care Visit from UnitedHealthcare® HouseCalls

With UnitedHealthcare® HouseCalls², you get a yearly in-home visit from one of our healthcare practitioners at no extra cost to you. A HouseCalls visit is designed to support, but not take the place of, your regular doctor's care.

The visit takes up to an hour and is tailored to your needs. It includes health screenings and a chance to:

- Review current medications
- Receive health education, prevention tips, care and resource assistance, if needed
- · Get advice and ask questions on how to manage health conditions
- Receive referrals to other health services and more

At the end of the visit, our healthcare practitioner will leave a personalized checklist and send a summary to your regular doctor.

24/7 Nurse Support

Speak to a registered nurse 24/7 over the phone about your medical concerns at no additional cost to you.

Chronic Conditions Programs

UnitedHealthcare offers special programs to help members who are living with a chronic disease like diabetes or heart disease or complex health needs. You get personal attention and your doctors get up-to-date information to help them make decisions.

Virtual Visits

See a doctor or a behavioral health specialist using your computer, tablet or smartphone. With Virtual Visits, you're able to live video chat — anytime, day or night. You will first need to register and then schedule an appointment. On your tablet or smartphone, you can download the Amwell®, Doctor On DemandTM and Teladoc® (medical visits only) apps.

Virtual doctor visits

You can ask questions, get a diagnosis or even get medication prescribed and have it sent to your pharmacy. All you need is a strong internet connection. Virtual doctor visits are good for minor health concerns like:

- · Allergies, bronchitis, cold/cough
- · Fever, seasonal flu, sore throat
- Migraines/headaches, sinus problems, stomachache
- Bladder/urinary tract infections, rashes

Virtual behavioral health visits

May be best for:

- Initial evaluation
- Behavioral Health medication management
- Addiction
- Depression
- Trauma and loss
- Stress or anxiety

In-Home Care

What would make your day easier? Maybe it's having some extra help in your home with things like making meals, bathing, medication reminders or even transportation around your community. **CareLinx** provides a network of pre-screened, professional caregivers you can trust, which can give you greater peace of mind with in-home care support services at no additional cost.

Global Travel Assistance

UnitedHealthcare Global is a service that provides travel and medical assistance 24 hours a day while you're traveling outside your country or over 100 miles from your home. It's available to you at no additional cost.

Register for a UHC Global account at: members.uhcglobal.com

Custom-Programmed Hearing Aids

Your hearing health is important to your overall well-being and can help you stay connected to those around you. With UnitedHealthcare Hearing, you'll get access to hundreds of name-brand and private-labeled hearing aids—available in person at any of our 7,000+3 UnitedHealthcare Hearing providers nationwide4 or delivered to your doorstep with direct delivery and virtual care (select products only)—so you'll get the care you need to hear better and live life to the fullest.

Get to Post-Hospitalization Health-Related Appointments

Our transportation program gives you a lift to and from medically related visits such as doctors' appointments, pharmacy trips and more after you have been discharged from the hospital or skilled nursing facility. The program offers unlimited rides up to 30 days following hospital or skilled nursing facility discharges when referred by a UnitedHealthcare Engagement Specialist.

Post-Discharge Meals

Our post-discharge meal delivery program provides 84 prepared meals to your home after you have been discharged from the hospital or skilled nursing facility, at no additional cost. A referral from a UnitedHealthcare Engagement Specialist is required.

UnitedHealthcare Fitness Program

Renew Active® is the gold standard in Medicare fitness programs for body and mind, available at no additional cost. You'll receive a free gym membership with access to our nationwide network of gyms and fitness locations. This includes access to many premium gyms, on-demand workout videos and live streaming fitness classes, social activities, an online Fitbit® Community for Renew Active (no Fitbit device is needed) and an online brain health program from AARP® Staying Sharp®.

And so much more to help you live a healthier life

After you become a member, we will connect you to many programs and tools that may help you on your wellness journey. You will get information soon after your coverage becomes effective.

About this plan

GMA Comprehensive (PPO) is a Medicare Advantage PPO plan with a Medicare contract.

To join this plan, you must be entitled to Medicare Part A, be enrolled in Medicare Part B, live in our service area as listed below, be a United States citizen or lawfully present in the United States, and meet the eligibility requirements of your former employer, union group or trust administrator (plan sponsor).

Our service area includes the 50 United States, the District of Columbia and all US territories.

About providers and network pharmacies

GMA Comprehensive (PPO) has a network of doctors, hospitals, pharmacies, and other providers. You can see any provider (network or out-of-network) at the same cost share, as long as they accept the plan and have not opted out of or been excluded or precluded from the Medicare Program. If you use pharmacies that are not in our network, the plan may not pay for those drugs, or you may pay more than you pay at a network pharmacy.

You can go to **retiree.uhc.com/ECMT** to search for a network provider or pharmacy using the online directories. You can also view the plan Drug List (Formulary) to see what drugs are covered and if there are any restrictions.

Prescription Drugs

If the actual cost for a drug is less than the normal cost-sharing amount for that drug, you will pay the actual cost, not the higher cost-sharing amount.

Your plan sponsor has chosen to make supplemental drug coverage available to you. This coverage is in addition to your Part D prescription drug benefit. The drug copays in this section are for drugs that are covered by both your Part D prescription drug benefit and your supplemental drug coverage. You can view the Certificate of Coverage at retiree.uhc.com/ECMT or call Customer Service to have a hard copy sent to you.

Your plan sponsor offers additional prescription drug coverage. Please see your Additional Drug Coverage list for more information.

If you reside in a long-term care facility, you will pay the same for a 31-day supply as a 31-day supply at a retail pharmacy.

Stage 1: Annual Prescription (Part D) Deductible	Since you have no deductible, this payment stage doesn't apply.	
Stage 2: Initial Coverage (After you pay your deductible, if applicable)	Retail Cost-Sharing	Mail Order Cost-Sharing

Tier 4: Specialty Tier	\$50 copay	\$120 copay
Stage 3: Coverage Gap Stage	After your total drug costs reach \$4,660, the plan continues to pay its share of the cost of your drugs and you pay your share of the cost.	
Stage 4: Catastrophic Coverage	After your out-of-pocket costs (what you pay including coverage gap discount program payments) reach the \$7,400 limit for the plan year, you move to the Catastrophic Coverage Stage. In this stage, you will pay no more than the cost shares you paid in the Initial Coverage stage and you may pay less for certain drugs.	

Important Message About What You Pay for Vaccines - Our plan covers most Part D vaccines at no cost to you. Call Customer Service for more information.

Important Message About What You Pay for Insulin - You won't pay more than \$35 for a one-month supply of each insulin product covered by our plan, no matter what cost-sharing tier it's on.

You are not required to use OptumRx home delivery for a 90-day supply of your maintenance medication. If you have not used OptumRx home delivery, you must approve the first prescription order sent directly from your doctor to OptumRx before it can be filled. New prescriptions from OptumRx should arrive within five business days from the date the completed order is received, and refill orders should arrive in about seven business days. Contact OptumRx anytime at 1-888-279-1828, TTY 711. OptumRx is an affiliate of UnitedHealthcare Insurance Company.

The Formulary, pharmacy network, and/or provider network may change at any time. You will receive notice when necessary.

You must continue to pay your Medicare Part B premium.

Out-of-network/non-contracted providers are under no obligation to treat UnitedHealthcare members, except in emergency situations. Please call our customer service number or see your Evidence of Coverage for more information, including the cost-sharing that applies to out-of-network services.

Drug List

Drug List

This is a partial alphabetical list of prescription drugs covered by the plan as of September 1, 2022. This list can change throughout the year. Call us or go online for the most complete, up-to-date information. Our phone number and website are listed on the back cover of this book.

□ Brand name drugs □ Covered drugs Tier 1: Pre	e number and website are listed on the back cover of this book. rugs are in bold type. Generic drugs are in plain type are placed in tiers. Each tier has a different cost: eferred generic eferred brand n-preferred drug
□ Each tier has a□ See the Summa□ Some drugs ha	ecialty tier copay or coinsurance amount ary of Benefits in this book to find out what you'll pay for these drugs we coverage requirements, such as prior authorization or step therapy. If you overage rules or limits, there will be code(s) in the list. The codes and what shown below
PA Prior authorization	The plan needs more information from your doctor to make sure the drug is being used correctly for a medical condition covered by Medicare. If you don't get prior approval, it may not be covered.
QL Quantity limits	The plan only covers a certain amount of this drug for 1 copay or over a certain number of days. Limits help make sure the drug is used safely. If your doctor prescribes more than the limit, you or your doctor can ask the plan to cover the additional quantity.
ST Step therapy	You may need to try lower-cost drugs that treat the same condition before the plan will cover your drug. If you have tried other drugs or your doctor thinks they are not right for you, you or your doctor can ask the plan for coverage.
B/D Medicare Part B or Part D	Depending on how this drug is used, it may be covered by Medicare Part B or Part D. Your doctor may need to give the plan more information about how this drug will be used to make sure it's covered correctly.
HRM High-risk medication	This drug is known as a high-risk medication (HRM) for patients 65 years and older. This drug may cause side effects if taken on a regular basis. We suggest you talk with your doctor to see if an alternative drug is available to treat your condition.

LA Limited access	The FDA only lets certain facilities or doctors give out this drug. It may require extra handling, doctor coordination or patient education.	
MME Morphine milligram equivalent	Additional quantity limits may apply across all drugs in the opioid class used for the treatment of pain. This additional limit is called a cumulative morphine milligram equivalent (MME), and is designed to monitor safe dosing levels of opioids for individuals who may be taking more than 1 opioid drug for pain management. If your doctor prescribes more than this amount or thinks the limit is not right for your situation, you or your doctor can ask the plan to cover the additional quantity.	
7D 7-day limit	An opioid drug used for the treatment of acute pain may be limited to a 7-day supply for members with no recent history of opioid use. This limit is intended to minimize long-term opioid use. For members who are new to the plan and have a recent history of using opioids, the limit may be overridden by the pharmacy when appropriate.	
DL Dispensing limit	Dispensing limits apply to this drug. This drug is limited to a 1-month supply per prescription.

Additional Drug Coverage

Bonus drug list

Your employer group or plan sponsor offers a bonus drug list. The prescription drugs on this list are covered in addition to the drugs on the plan's Drug List (Formulary).

The drug tier for each prescription drug is shown on the list.

Although you pay the same copay or coinsurance for these drugs as shown in the Summary of Benefits and Evidence of Coverage, the amount you pay for these additional prescription drugs does not apply to your Medicare Part D out-of-pocket costs. Payments for these additional prescription drugs (made by you or the plan) are treated differently from payments made for other prescription drugs.

Coverage for the prescription drugs on the bonus drug list is in addition to your Part D drug coverage. Unlike your Part D drug coverage, you are unable to file a Medicare appeal or grievance for drugs on the bonus drug list. If you have questions, please call Customer Service using the information on the cover of this book.

If you get Extra Help from Medicare to pay for your prescription drugs, it will not apply to the drugs on this bonus drug list.

This is not a complete list of the prescription drugs available to you or the restrictions and limitations that may apply through the bonus drug list. If your drug has any coverage rules or limits, there will be code(s) in the "Coverage rules or limits on use" column of the chart. The codes and what they mean are shown below. If you have questions about drug coverage, please call Customer Service using the information on the cover of this book.

QL - Quantity limits

The plan only covers a certain amount of this drug for one copay or over a certain number of days. These limits may be in place to ensure safe and effective use of the drug.

MME - Morphine milligram equivalent

Additional quantity limits may apply across all drugs in the opioid class used for the treatment of pain. This additional limit is called a cumulative morphine milligram equivalent (MME), and is designed to monitor safe dosing levels of opioids for individuals who may be taking more than one opioid drug for pain management. If your doctor prescribes more than this amount or thinks the limit is not right for your situation, you or your doctor can ask the plan to cover the additional quantity.

7D - 7-day limit

An opioid drug used for the treatment of acute pain may be limited to a 7-day supply for members with no recent history of opioid use. This limit is intended to minimize long-term opioid use. For members who are new to the plan, and have a recent history of using opioids, the limit may be overridden by the pharmacy when appropriate.

DL - Dispensing limit

Dispensing limits apply to this drug. This drug is limited to a one-month supply per prescription.

Statements of Understanding

By enrolling in this plan, I agree to the following:

This is a Medicare Advantage plan contracted with the federal government. This is not a Medicare Supplement plan.

I need to keep my Medicare Part A and/or Part B, and continue to pay my Medicare Part B and, if applicable, Part A premiums, if they are not paid for by Medicaid or a third party. To be eligible for this plan, I must live in the plan's service area and be a United States citizen or be lawfully present in the U.S.

The service area includes the 50 United States, the District of Columbia and all U.S. territories.

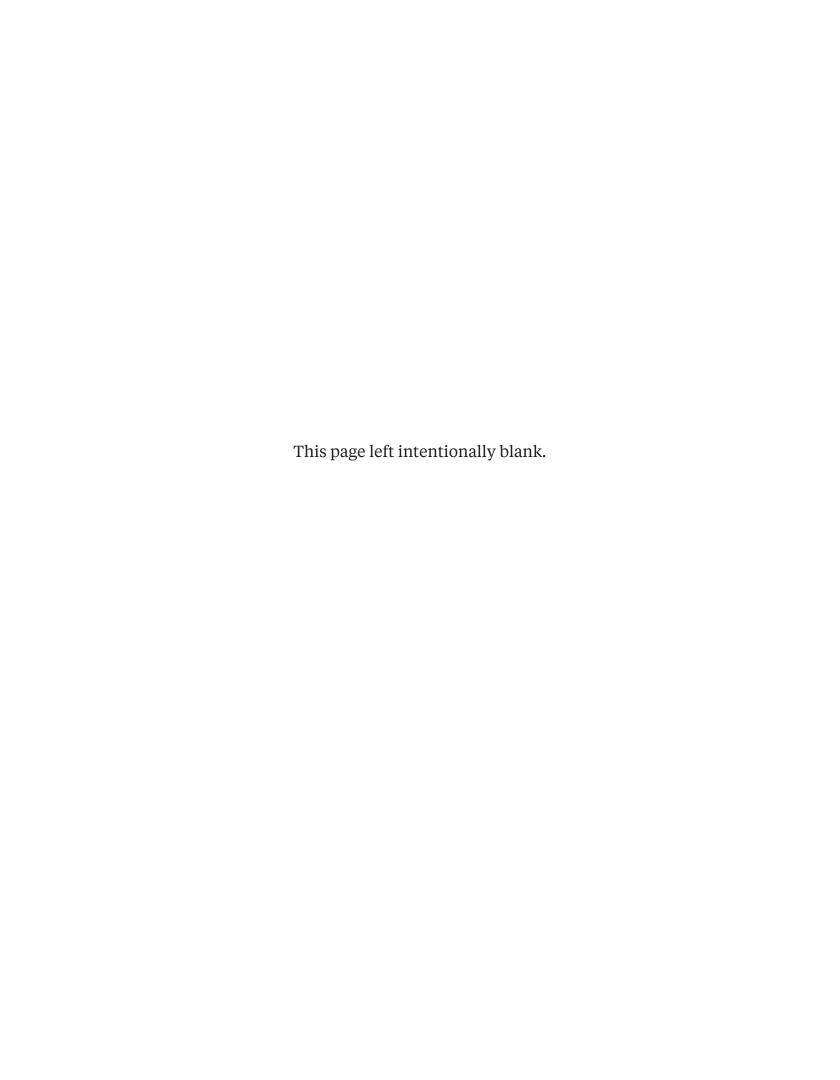

I may not be covered while out of the country, except for limited coverage near the U.S. border. However, under this plan, when I am outside of the U.S. I am covered for emergency or urgently needed care.

- I can only have one Medicare Advantage or Prescription Drug plan at a time.
 - Enrolling in this plan will automatically disenroll me from any other Medicare health plan.
 - If I enroll in a different Medicare Advantage plan or Medicare Part D Prescription Drug Plan, I will be automatically disenrolled from this plan.
 - If I disenroll from this plan, I will be automatically transferred to Original Medicare.
 - Enrollment in this plan is for the entire plan year. I may leave this plan only at certain times of the year or under special conditions.
- My information will be released to Medicare and other plans, only as necessary, for treatment, payment and health care operations.

Medicare may also release my information for research and other purposes that follow all applicable Federal statutes and regulations.

For members of the Group Medicare Advantage plan.

I understand that when my coverage begins, I must get all of my medical and prescription drug benefits from the plan. Benefits and services provided by the plan and contained in the Evidence of Coverage (EOC) document will be covered. Neither Medicare nor the plan will pay for benefits or services that are not covered.
