Before you decide not to enroll, ask Nokia what it means if you decline this coverage.

If you enroll in another Medicare plan after you enroll in these plans, you will not be automatically disenrolled from Nokia's health and welfare coverages. Understanding your Medicare Part D

What is Medicare Part D?

Original Medicare Part A (hospital coverage) and Part B (doctor and outpatient care) help pay for some of your health care costs, but they don't cover many prescription drugs. Medicare Part D plans help with prescription drug costs. You can get Part D coverage through a private insurance company, like UnitedHealthcare.

Do I have to enroll in a Medicare Part D plan?

Enrolling in a Part D plan is your choice, but delaying your enrollment could cost you more money in the long run. If you do not enroll in a Part D plan when you first become eligible, you may incur a Late Enrollment Penalty (LEP), which is a late fee Medicare charges if you had 63 days or more without creditable prescription drug coverage. This can happen if:

- You didn't enroll in a Medicare prescription drug plan when you were first eligible
- You didn't have a plan that met Medicare's minimum standards

The LEP is added to your monthly premium every month and billed to you separately by UnitedHealthcare.

When you become a plan member, your former employer or plan sponsor will be asked to confirm that you have had continuous Medicare Part D coverage. If your former employer or plan sponsor asks for information about your prescription drug coverage history, please respond as quickly as possible to avoid an unnecessary Late Enrollment Penalty.

This plan has a comprehensive drug list to support your health

Even if you don't take any prescription drugs now, you may want to enroll in a Medicare Part D plan. If you don't get it when you're first eligible, you may have to pay a late enrollment penalty if you join a plan later.

Here's how this Medicare Part D plan works

Covered drugs are grouped into tiers

Generally, the lower the tier, the less you'll pay. All drugs in the Drug List are assigned to one of these tiers.

Tier 1: Preferred Generic

Tier 2: Preferred Brand

Tier 3: Non-Preferred Drug

Tier 4: Specialty Tier

Always use network pharmacies

There are thousands of network pharmacies you can go to — including local and national options. Be sure to use a network pharmacy, or the plan may not pay for your prescriptions, except in an emergency. To search for a network pharmacy, visit retiree.uhc.com/nokia.

Your plan's drug coverage stages and costs

Annual deductible – If your plan has a deductible, you pay the total cost of your drugs until you reach your plan's deductible. If you don't have a deductible, your coverage begins in the initial coverage stage.

Initial coverage – You pay a copay or coinsurance (percentage of a drug's total cost) for covered drugs.

Catastrophic coverage – After you and others on your behalf have paid a combined total of \$2,100 for your prescription drugs, you won't pay anything for your Medicare-covered Part D drugs for the rest of the calendar year.

Enjoy the convenience of prescriptions delivered right to your door

Prescription drugs

Deductible

You pay the full cost for your drugs until you reach the deductible amount. Then you move to the Initial Coverage stage.

Initial coverage

Prescription drugs		
Tier drug coverage (After you pay your deductible, if applicable)	Retail Cost-Sharing	Mail Order Cost-Sharing
	34-day supply	90-day supply
Tier 1: Preferred Generic	\$15 copay	\$30 copay
Tier 2: Preferred Brand ~	\$30 copay	\$60 copay
Tier 3: Non-Preferred Drug ~	\$50 copay	\$100 copay
Tier 4: Specialty Tier ~	\$65 copay	\$130 copay
Catastrophic coverage	Once you're in this stage, you won't pay anything for your Medicare-covered Part D drugs for the rest of the plan year.	

~ You will pay a maximum of \$35 for a 1-month supply of each Part D insulin product covered by our plan even if you haven't paid your Part D deductible. Most adult Part D vaccines are covered at no cost to you.

If the actual cost for a drug is less than the normal cost-sharing amount for that drug, you will pay the actual cost, not the higher cost-sharing amount.

If you reside in a long-term care facility, you will pay the same for a 34-day supply as a 34-day supply at a retail pharmacy.

You may qualify for Extra Help from Medicare

Extra Help is a program for people with limited incomes who need help paying Part D premiums, deductibles and copays. There's no penalty for applying, and you can re-apply every year. To see if you qualify for Extra Help, call:

- ☐ The Social Security Administration at 1-800-772-1213, TTY 1-800-325-0778
- ☐ Your state Medicaid office
