FEHB Program

Don't leave money on the table

The SAMBA Health Benefit Plan gives you money back for paying your Part B premium

How it works

The UnitedHealthcare Medicare Advantage (PPO) plan for the SAMBA Health Benefit Plan Standard Option retirees includes, includes \$75 each month toward your Part B premium. You will get the \$75 subsidy based upon how you pay your Medicare Part B premium.

If you pay your Part B premium through:	Then
A deduction in your Social Security benefit	The \$75 subsidy will be applied to your Social Security benefit
A quarterly bill from Social Security/Medicare	Your Part B bill will be reduced by 3 times the subsidy amount on a quarterly basis
A deduction in your annuity check	The \$75 subsidy will be applied to your annuity benefit

The Part B premium subsidy may not appear as a line-item credit on your statement. It will appear in the form of a reduced Part B premium charge.

A typical example*:

\$185 Part B premium charge

- \$75 Part B premium subsidy

= \$110 Part B premium charge to appear on your statement

It can take up to 90 days from when you enroll in the Medicare Advantage plan for the Part B premium subsidy to be applied for the first time. The first subsidy will be backdated to include any months missed.
