Important information

Enrollment information

If you elect to enroll in the Medicare Advantage plan it will take over as the primary and only payor so you will not need to coordinate benefits, however, you must remain enrolled in your SAMBA Health Benefit Plan if you elect the Medicare Advantage plan. Do not suspend or cancel your coverage with OPM or you will also be terminated from the Medicare Advantage plan.

Disenrollment Information

Enrollment is voluntary and retirees may opt in or out of the Medicare Advantage enhanced benefits at any time throughout the year. If you elect to disenroll from the Medicare Advantage plan you will be moved back to Original Medicare primary with your SAMBA Health Benefit Plan medical benefits secondary, and then auto-enrolled into the Express Scripts Part D Prescription Drug plan effective the first of the following month.

Medicare Part B enrollment

Being enrolled in Medicare and the UnitedHealthcare Group Medicare Advantage (PPO) plan for the SAMBA Health Benefit Plan can help decrease your out-of-pocket health care expenses. Even though enrolling in Medicare Part B is not required in the Federal Employees Health Benefits (FEHB) Program, there are some advantages to having Medicare Parts A and B. The decision to enroll in Medicare is entirely yours. For some individuals, enrollment in Part B will be automatic. You will know your enrollment has been automatic when you receive your Medicare card and see your Part A and Part B effective dates listed. If you choose to enroll in Medicare, visit www.ssa.gov/locator or call **1-800-772-1213**, TTY **1-800-325-0778**, 7 a.m.–7 p.m. local time, Monday–Friday.

Medicare Part B Late Enrollment Penalty (LEP)

If you didn't get Medicare Part B when you were first eligible, your monthly premium may go up. In most cases, you'll have to pay this penalty each time you pay your premiums, for as long as you have Medicare Part B. You must continue paying your Medicare Part B premium to be eligible for coverage under this SAMBA-sponsored Medicare Advantage plan. If you stop paying your Medicare Part B premium, you may be disenrolled from this plan.

Medicare Part D (LEP)

Once you become a SAMBA Medicare Advantage member, you will receive a letter to confirm you have had continuous prescription drug coverage. If you had coverage through the SAMBA Standard Option Plan or another FEHB plan since you became Medicare eligible, you had what is known as "creditable coverage" and a penalty will not apply. You simply need to respond to the letter as quickly as possible to avoid an unnecessary penalty.

Income-Related Monthly Adjustment Amount (IRMAA)

IRMAA is an amount Social Security determines you may need to pay in addition to your monthly Part B and Part D premium if your modified adjusted gross income on your IRS tax return from 2 years ago is above a certain limit. The UnitedHealthcare Medicare Advantage (PPO) plan for the SAMBA Health Benefit Plan's included prescription drug coverage is considered a Part D plan therefore if you currently have a Part B IRMAA then you may incur a Part D IRMAA when enrolling in this plan.

Copay cards

In most cases, coupons and prescription drug copay cards can't be used with a Part D plan. Copay cards include disclaimer language that state that they can't be used with Federal health care programs. Part D prescription drug plans are a Federal program.

Call Social Security to see if you qualify for Extra Help

If you have a limited income, you may be able to get Extra Help to pay for your prescription drug costs. Many people qualify and don't know it. There's no penalty for applying, and you can re-apply every year.
