# Plan details

## UnitedHealthcare® Group Medicare Advantage (PPO)

The Connecticut Teachers' Retirement Board has chosen a UnitedHealthcare Group Medicare Advantage plan. The word "Group" means this is a plan designed just for a former employer or plan sponsor like yours. Only eligible retirees of your former employer or plan sponsor can enroll in this plan.

"Medicare Advantage" is also known as Medicare Part C. These plans have all the benefits of Medicare Part A (hospital coverage) and Medicare Part B (doctor and outpatient care) plus extra programs that go beyond Original Medicare (Medicare Parts A and B). Your plan also includes Medicare Part D prescription drug coverage and is otherwise known as a Medicare Advantage with Prescription Drug (MAPD) plan.

### Make sure you know what parts of Medicare you have

You must be entitled to Medicare Part A and enrolled in Medicare Part B to enroll in this plan.

- If you're not sure if you are enrolled in Medicare Part B, check with Social Security
- Visit [www.ssa.gov/locator](http://www.ssa.gov/locator) or call **1-800-772-1213**, TTY **1-800-325-0778**, 8 a.m.–7 p.m., Monday–Friday, or call your local office
- You must continue paying your Medicare Part B premium to be eligible for coverage under this group-sponsored plan
- If you stop paying your Medicare Part B premium, you may be disenrolled from this plan

## Medicare Advantage coverage:

**Medicare Part A**  
Hospital

+

**Medicare Part B**  
Doctor and outpatient

+

**Medicare Part D**  
Prescription drugs

+

**Extra programs**  
Beyond Original Medicare

# How your Group Medicare Advantage plan works

Medicare has rules about what types of coverage you can add or combine with a group-sponsored Medicare Advantage plan.

## ✓ One plan at a time

- You may be enrolled in only 1 Medicare Advantage plan and 1 Medicare Part D prescription drug plan at a time.
- The plan you enroll in last is the plan that Centers for Medicare & Medicaid Services (CMS) considers to be your final decision.
- If you enroll in another Medicare Advantage plan or a stand-alone Medicare Part D prescription drug plan after your enrollment in this group-sponsored plan, you will be disenrolled from these plan(s).
- Any eligible family members may also be disenrolled from their group-sponsored plan. This means that you and your family may not have hospital/medical or drug coverage through your former employer or plan sponsor.

**Remember:** If you drop or are disenrolled from your group-sponsored retiree coverage, you may not be able to re-enroll. Limitations and restrictions vary by former employer or plan sponsor.

## How your medical coverage works

### Your plan is a Preferred Provider Organization (PPO) plan

You have access to our nationwide coverage. You can see any provider at the same cost share as long as they accept the plan and have not opted out of or been excluded or precluded from the Medicare Program.

	In-network and out-of-network
Can I continue to see my doctor/specialist?	Yes <sup>1</sup>
What is my copay or coinsurance?	Copays and coinsurance vary by service <sup>2</sup>
Do I need to choose a primary care provider (PCP)?	No, but recommended
Do I need a referral to see a specialist?	No
Can I go to any hospital?	Yes
Are emergency and urgently needed services covered?	Yes
Do I have to pay the full cost for all doctor or hospital services?	You will pay your standard copay or coinsurance for the services you get <sup>2</sup>
Is there a limit on how much I can spend out-of-pocket on medical services each year?	Yes <sup>2</sup>
Are there any situations when a doctor will balance bill me?	Under this plan, you are not responsible for any balance billing when seeing health care providers who have not opted out of or been excluded or precluded from the Medicare Program

### View your plan information online

Once you receive your UnitedHealthcare member ID card, you can create your secure online account at: **[www.UHCRetiree.com/TRB](http://www.UHCRetiree.com/TRB)**

You'll be able to view plan documents, find a provider, locate a pharmacy and access lifestyle and learning articles, recipes, educational videos and more.

<sup>1</sup>This means that the provider or hospital agrees to treat you and be paid according to UnitedHealthcare's payment schedule. With this plan, we pay the same as Medicare and follow Medicare's rules. Emergencies would be covered even if out-of-network.

<sup>2</sup>Refer to the Summary of Benefits or Benefit Highlights in this guide for more information.

# Getting the health care coverage you may need

## Your care begins with your doctor

- With this plan, you have the flexibility to see any provider as long as they participate in Medicare and accept the plan
- Unlike most PPO plans, with this plan, you pay the same share of cost as long as they participate in Medicare and have not been excluded or precluded from the Medicare Program
- Even though it's not required, it's important to have a primary care provider
- With your UnitedHealthcare Group Medicare Advantage with prescription drug plan, you're connected to programs, resources, tools and people that can help you live a healthier life

## Finding a doctor is easy

If you need help finding a doctor or specialist, just give us a call. We can even help schedule that first appointment.

## Why use a UnitedHealthcare network doctor?

**A network doctor or health care provider** is one who contracts with us to provide services to our members. We work closely with our network of doctors to give them access to resources and tools that can help them work with you to make better health care decisions. You pay your copay or coinsurance according to your plan benefits. Your provider will bill us for the rest.

**An out-of-network provider** does not have a contract with us. With the UnitedHealthcare Group Medicare Advantage (PPO) plan, you can see any out-of-network provider as long as they accept the plan and have not opted out of or been excluded or precluded from the Medicare Program. We will pay for the rest of the cost of your covered service(s), including any charges up to the limit set by Medicare. If your provider won't accept the plan, we will contact them on your behalf.

**If a provider refuses to directly bill us**, they may ask that you pay the full allowable amount upfront. In that case, you can pay the doctor and then submit a claim to us. You'll be reimbursed for the cost of the claim minus your cost share.

## Filling your prescriptions is convenient

UnitedHealthcare has thousands of national chain, regional and independent local retail pharmacies in our network.<sup>1</sup>

<sup>1</sup>2021 Internal Report Data

## How your prescription drug coverage works

Your Medicare Part D prescription drug coverage includes thousands of brand-name and generic prescription drugs. Check your plan's drug list to see if your drugs are covered.

### Here are answers to common questions:

#### What pharmacies can I use?

You can choose from thousands of national chain, regional and independent local retail pharmacies.

#### What is a drug-cost tier?

Drugs are divided into different cost levels, or tiers. In general, the lower the tier, the less you pay.

#### What will I pay for my prescription drugs?

What you pay will depend on the coverage your former employer or plan sponsor has arranged and on what drug-cost tier your prescription falls into. Your cost may also change during the year based on the total cost of the prescriptions you have filled.<sup>1</sup>

#### Can I have more than 1 prescription drug plan?

No. You can only have 1 Medicare plan that includes prescription drug coverage at a time. If you enroll in another Medicare Part D prescription drug plan OR a Medicare Advantage plan that includes prescription drug coverage, you will be disenrolled from this plan.

## Ways to save on your prescription drugs

- ✓ **You may save on the medications you take regularly**  
If you prefer the convenience of mail order, you could save time and money by receiving your maintenance medications through OptumRx® Home Delivery. You'll get automatic refill reminders and access to licensed pharmacists if you have questions.
- ✓ **Get a 3-month<sup>1</sup> supply at retail pharmacies**  
In addition to OptumRx® Home Delivery, most retail pharmacies offer 3-month supplies for some prescription drugs.
- ✓ **Ask your doctor about trial supplies**  
A trial supply allows you to fill a prescription for less than 30 days. This way, you can pay a reduced copay or coinsurance and make sure the medication works for you before getting a full month's supply.
- ✓ **Explore lower-cost options**  
Each covered drug in your drug list is assigned to a drug-cost tier. Generally, the lower the tier, the less you pay. If you're taking a higher-tier drug, you may want to ask your doctor if there's a lower-tier drug you could take instead.
- ✓ **Have an annual medication review**  
Take some time during your Annual Wellness Visit to make sure you are only taking the drugs you need.
- ✓ **Preferred diabetic prescriptions**  
Members pay no deductible up to a \$25 maximum copay for a 31 day supply or up to a \$50 maximum copay for a 90 day supply

### The UnitedHealthcare Savings Promise

UnitedHealthcare is committed to keeping your prescription drug costs down. As a UnitedHealthcare member, you have our Savings Promise that you'll get the lowest price available. That low price may be your plan copay, the pharmacy's retail price or our contracted price with the pharmacy.

<sup>1</sup>Your former employer or plan sponsor may provide coverage beyond 3 months. Please refer to the Benefit Highlights or Summary of Benefits for more information.

## What is IRMAA?

The Income-Related Monthly Adjustment Amount (IRMAA) is an amount Social Security determines you may need to pay in addition to your monthly plan premium if your modified adjusted gross income on your IRS tax return from 2 years ago is above a certain limit. This extra amount is paid directly to Social Security, not to your plan. Social Security will contact you if you have to pay IRMAA.

## What is a Medicare Part D Late Enrollment Penalty (LEP)?

If, at any time after you first become eligible for Medicare Part D, there's a period of at least 63 days in a row when you don't have Medicare Part D or other creditable prescription drug coverage, a penalty may apply. Creditable coverage is prescription drug coverage that is at least as good as or better than what Medicare requires. The LEP is an amount added to your monthly Medicare premium and billed to you separately by UnitedHealthcare.

When you become a member, your former employer or plan sponsor will be asked to confirm that you have had continuous Medicare Part D coverage. If your former employer or plan sponsor asks for information about your prescription drug coverage history, please respond as quickly as possible to avoid an unnecessary penalty.

Once you become a member, more information will be available in your Evidence of Coverage (EOC). Your Quick Start Guide will include details on how to access your EOC.

## Call Social Security to see if you qualify for Extra Help

If you have a limited income, you may be able to get Extra Help to pay for your prescription drug costs. If you qualify, Extra Help could pay up to 75% or more of your drug costs. Many people qualify and don't know it. There's no penalty for applying, and you can re-apply every year.

# Take advantage of UnitedHealthcare's additional support and programs

## **Annual Wellness Visit<sup>1</sup> and many preventive services at \$0 copay**

An Annual Wellness Visit with your doctor is one of the best ways to start your year off and stay on top of your health. Take control by scheduling your annual physical and wellness visit early in the year to give you the most time to take action. You and your doctor can work as a team to create a preventive care plan, review medications and talk about any health concerns. You may also be eligible to earn a reward for completing your Annual Wellness Visit through Renew Rewards\*.

## **Enjoy a preventive care visit in the privacy of your own home**

With UnitedHealthcare® HouseCalls<sup>2</sup>, you get a yearly in-home visit from one of our health care practitioners at no extra cost. A HouseCalls visit is designed to support, but not take the place of, your regular doctor's care.

**Every visit includes tailored recommendations on health care screenings and a chance to:**

- Review current medications
- Receive education, prevention tips, care and resource assistance, if needed
- Get advice and ask questions on how to manage health conditions
- Receive referrals to other health services and more

At the end of the visit, our health care practitioner will leave a personalized checklist and send a summary to your regular doctor.

## **Telephonic Nurse Support<sup>3</sup>**

Speak to a registered nurse 24/7 about your medical concerns at no additional cost to you.

## **Special programs for people with chronic or complex health needs**

UnitedHealthcare offers special programs to help members who are living with a chronic disease like diabetes or heart disease. You get personal attention and your doctors get up-to-date information to help them make decisions.

## Virtual Visits

See a doctor or a behavioral health specialist using your computer, tablet or smartphone. With Virtual Visits, you're able to live video chat — anytime, day or night. You will first need to register and then schedule an appointment. On your tablet or smartphone, you can download the Amwell®, Doctor On Demand™ and Teladoc® apps.

### Virtual doctor visits

You can ask questions, get a diagnosis or even get medication prescribed and have it sent to your pharmacy. All you need is a strong internet connection. Virtual doctor visits are good for minor health concerns like:

- Allergies, bronchitis, cold/cough
- Fever, seasonal flu, sore throat
- Migraines/headaches, sinus problems, stomachache
- Bladder/urinary tract infections, rashes

### Virtual behavioral health visits

May be best for:

- Initial evaluation
- Medication management
- Addiction
- Depression
- Trauma and loss
- Stress or anxiety

## Hear the moments that matter most with custom-programmed hearing aids

Your hearing health is important to your overall well-being and can help you stay connected to those around you. With UnitedHealthcare Hearing, you'll get access to hundreds of name-brand and private-labeled hearing aids — available in person at any of our 7,000+ UnitedHealthcare Hearing providers nationwide<sup>4</sup> or delivered to your doorstep with Right2You direct delivery and virtual care (select products only) — so you'll get the care you need to hear better and live life to the fullest.

## And so much more to help you live a healthier life

After you become a member, we will connect you to many programs and tools that may help you on your wellness journey. You will get information soon after your coverage becomes effective.

# Tools and resources to help put you in control

## Go online for valuable plan information

As a UnitedHealthcare member, you will have access to a safe, secure website where you'll be able to:

## January 1, 2022–December 31, 2022

The benefit information provided is a summary of what we cover and what you pay. It doesn't list every service that we cover or list every limitation or exclusion. The Evidence of Coverage (EOC) provides a complete list of services we cover. You can see it online at [www.UHCRetiree.com/TRB](http://www.UHCRetiree.com/TRB) or you can call Customer Service for help. When you enroll in the plan you will get information that tells you where you can go online to view your Evidence of Coverage.

## About this plan

UnitedHealthcare® Group Medicare Advantage (PPO) is a Medicare Advantage PPO plan with a Medicare contract.

To join this plan, you must be entitled to Medicare Part A, be enrolled in Medicare Part B, live in our service area as listed below, be a United States citizen or lawfully present in the United States, and meet the eligibility requirements of your former employer, union group or trust administrator (plan sponsor).

Our service area includes the 50 United States, the District of Columbia and all U.S. territories.

## About providers and network pharmacies

UnitedHealthcare® Group Medicare Advantage (PPO) has a network of doctors, hospitals, pharmacies, and other providers. You can see any provider (network or out-of-network) at the same cost share, as long as they accept the plan and have not opted out of or been excluded or precluded from the Medicare Program. If you use pharmacies that are not in our network, the plan may not pay for those drugs, or you may pay more than you pay at a network pharmacy.

You can go to [www.UHCRetiree.com/TRB](http://www.UHCRetiree.com/TRB) to search for a network provider or pharmacy using the online directories. You can also view the plan Drug List (Formulary) to see what drugs are covered, and if there are any restrictions.

## Prescription drugs

If the actual cost for a drug is less than the normal cost-sharing amount for that drug, you will pay the actual cost, not the higher cost-sharing amount.

Your plan sponsor has chosen to make supplemental drug coverage available to you. This coverage is in addition to your Part D prescription drug benefit. The drug copays in this section are for drugs that are covered by both your Part D prescription drug benefit and your supplemental drug coverage. You can view the Certificate of Coverage at [www.UHCRetiree.com/TRB](http://www.UHCRetiree.com/TRB) or call Customer Service to have a hard copy sent to you.

Your plan sponsor offers additional prescription drug coverage. Please see your Additional Drug Coverage list for more information.

If you reside in a long-term care facility, you will pay the same for a 31-day supply as a 31-day supply at a retail pharmacy.

<b>Stage 1: Annual Prescription (Part D) Deductible</b>	\$200	
<b>Stage 2: Initial Coverage (After you pay your deductible, if applicable)</b>	<b>Retail cost-sharing</b>	<b>Mail order cost-sharing</b>
	<b>31-day supply</b>	<b>90-day supply</b>
Tier 1: Preferred Generic	5% coinsurance	5% coinsurance
Tier 2: Preferred Brand	20% coinsurance	20% coinsurance
Tier 3: Non-preferred Drug	30% coinsurance	30% coinsurance
Tier 4: Specialty Tier	30% coinsurance	30% coinsurance
<b>Stage 3: Coverage Gap Stage</b>	After your total drug costs reach \$4,430, the plan continues to pay its share of the cost of your drugs and you pay your share of the cost. In this stage, you will continue to pay the same cost share that you paid in the Initial Coverage Stage.	
<b>Stage 4: Catastrophic Coverage</b>	After your out-of-pocket costs (what you pay including coverage gap discount program payments) reach the \$7,050 limit for the plan year, you move to the Catastrophic Coverage Stage. In this stage, you will continue to pay the same cost share that you paid in the Initial Coverage Stage.	

## Pharmacy out-of-pocket maximum

When your **total** Out-of-Pocket costs (what you pay) reach \$3,500 you will not pay any copay or coinsurance.

Your plan sponsor offers preferred insulin prescription drugs. Please see your Evidence of Coverage for more information.

# Drug list

# Drug list

This is a partial alphabetical list of prescription drugs covered by the plan as of August 1, 2021. This list can change throughout the year. Call us or go online for the most complete, up-to-date information. Our phone number and website are listed on the back cover of this book (the last page).

- ❑ **Brand name** drugs are in **bold** type. Generic drugs are in plain type
- ❑ Covered drugs are placed in tiers. Each tier has a different cost
  - Tier 1: Preferred generic
  - Tier 2: Preferred brand
  - Tier 3: Non-preferred drug
  - Tier 4: Specialty tier
- ❑ Each tier has a copay or coinsurance amount
- ❑ See the Summary of Benefits in this book to find out what you'll pay for these drugs
- ❑ Some drugs have coverage requirements, such as Prior Authorization or Step Therapy. If your drug has any coverage rules or limits, there will be code(s) in the list. The codes and what they mean are shown below

---

## **PA** **Prior authorization**

The plan needs more information from your doctor to make sure the drug is being used correctly for a medical condition covered by Medicare. If you don't get prior approval, it may not be covered.

---

## **QL** **Quantity limits**

The plan only covers a certain amount of this drug for 1 copay or over a certain number of days. Limits help make sure the drug is used safely. If your doctor prescribes more than the limit, you or your doctor can ask the plan to cover the additional quantity.

---

## **ST** **Step therapy**

You may need to try lower-cost drugs that treat the same condition before the plan will cover your drug. If you have tried other drugs or your doctor thinks they are not right for you, you or your doctor can ask the plan for coverage.

---

## **B/D** **Medicare Part B** **or Part D**

Depending on how this drug is used, it may be covered by Medicare Part B or Part D. Your doctor may need to give the plan more information about how this drug will be used to make sure it's covered correctly.

<b>HRM High-risk medication</b>	This drug is known as a high-risk medication (HRM) for patients 65 years and older. This drug may cause side effects if taken on a regular basis. We suggest you talk with your doctor to see if an alternative drug is available to treat your condition.
<b>LA Limited access</b>	The FDA only lets certain facilities or doctors give out this drug. It may require extra handling, doctor coordination or patient education.
<b>MME Morphine milligram equivalent</b>	Additional quantity limits may apply across all drugs in the opioid class used for the treatment of pain. This additional limit is called a cumulative morphine milligram equivalent (MME), and is designed to monitor safe dosing levels of opioids for individuals who may be taking more than 1 opioid drug for pain management. If your doctor prescribes more than this amount or thinks the limit is not right for your situation, you or your doctor can ask the plan to cover the additional quantity.
<b>7D 7-day limit</b>	An opioid drug used for the treatment of acute pain may be limited to a 7-day supply for members with no recent history of opioid use. This limit is intended to minimize long-term opioid use. For members who are new to the plan, and have a recent history of using opioids, the limit may be overridden by having the pharmacy contact the plan.
<b>DL Dispensing limit</b>	Dispensing limits apply to this drug. This drug is limited to a 1-month supply per prescription.

# Additional drug coverage

## Additional prescription drug coverage

Your plan includes extra coverage for certain drugs as shown below. These drugs are either not generally covered under Medicare Part D or are covered at a different cost level than the one shown on your plan’s drug list (formulary).

This is not a complete list of prescription drugs covered by our plan. For a complete list, please call Customer Service using the information on the cover of this book (the last page).

## Lower-cost Medicare preferred insulin products

Your plan covers preferred insulin products at a reduced cost share. The lower cost share will apply even if you have not yet met your annual prescription (Part D) deductible. See your Evidence of Coverage and Summary of Benefits for information about your cost share for these drugs.

The amount you pay for these preferred insulin products **applies to your Medicare Part D out-of-pocket costs and to your annual drug out-of-pocket maximum.**<sup>1</sup>

Drug name
Humalog
Humulin
Insulin Lispro (brand equivalent Humalog)
Lantus
Levemir
Lyumjev
Toujeo
Tresiba

Additional drug coverage

<sup>1</sup>Information about the appeals and grievance process for these prescription drugs can be found in your Evidence of Coverage.

## Bonus drug list

Your employer group or plan sponsor offers a bonus drug list. The prescription drugs on this list are covered in addition to the drugs on the plan's drug list (formulary).

The drug tier for each prescription drug is shown on the list.

Although you pay the same copay for these drugs as shown in the Summary of Benefits and Evidence of Coverage, the amount you pay for these additional prescription drugs **does not apply to your Medicare Part D out-of-pocket costs**. However, these costs will apply to your annual drug out-of-pocket maximum.

Coverage for the prescription drugs on the bonus drug list is in addition to your Part D drug coverage. Unlike your Part D drug coverage, you are unable to file a Medicare appeal or grievance for drugs on the bonus drug list. If you have questions, please call Customer Service using the information on the cover of this book (the last page).

If you get Extra Help from Medicare to pay for your prescription drugs, it will not apply to the drugs on this bonus drug list.

This is not a complete list of the prescription drugs available to you or the restrictions and limitations that may apply through the bonus drug list. If your drug has any coverage rules or limits, there will be code(s) in the "Coverage rules or limits on use" column of the chart. The codes and what they mean are shown below. If you have questions about drug coverage, please call Customer Service using the information on the cover of this book (the last page).

### QL - Quantity limits

The plan only covers a certain amount of this drug for one copay or over a certain number of days. These limits may be in place to ensure safe and effective use of the drug.

### MME - Morphine milligram equivalent

Additional quantity limits may apply across all drugs in the opioid class used for the treatment of pain. This additional limit is called a cumulative morphine milligram equivalent (MME), and is designed to monitor safe dosing levels of opioids for individuals who may be taking more than one opioid drug for pain management. If your doctor prescribes more than this amount or thinks the limit is not right for your situation, you or your doctor can ask the plan to cover the additional quantity.

### 7D - 7-day limit

An opioid drug used for the treatment of acute pain may be limited to a 7-day supply for members with no recent history of opioid use. This limit is intended to minimize long-term opioid use. For members who are new to the plan, and have a recent history of using opioids, the limit may be overridden by having the pharmacy contact the plan.

### DL - Dispensing limit

Dispensing limits apply to this drug. This drug is limited to a one-month supply per prescription.

# Statements of understanding

**By enrolling in this plan, I agree to the following:**

- ✓ **This is a Medicare Advantage plan and has a contract with the federal government. This is not a Medicare Supplement plan.**

I need to keep my Medicare Part A and Part B, and continue to pay my Medicare Part B and, if applicable, Part A premiums, if they are not paid for by Medicaid or a third party. To be eligible for this plan, I must live in the plan's service area and be a United States citizen or be lawfully present in the U.S.

- ✓ **The service area includes the 50 United States, the District of Columbia and all U.S. territories.**

I may not be covered while out of the country, except for limited coverage near the U.S. border. However, under this plan, when I am outside of the U.S. I am covered for emergency or urgently needed care.

- ✓ **I can only have one Medicare Advantage or Prescription Drug plan at a time.**

- Enrolling in this plan will automatically disenroll me from any other Medicare health plan.
- If I enroll in a different Medicare Advantage plan or Medicare Part D Prescription Drug Plan, I will be automatically disenrolled from this plan.
- If I disenroll from this plan, I will be automatically transferred to Original Medicare.
- Enrollment in this plan is for the entire plan year. I may leave this plan only at certain times of the year or under special conditions.

- ✓ **My information will be released to Medicare and other plans, only as necessary, for treatment, payment and health care operations.**

Medicare may also release my information for research and other purposes that follow all applicable Federal statutes and regulations.

- ✓ **For members of the Group Medicare Advantage plan.**

I understand that when my coverage begins, I must get all of my medical and prescription drug benefits from the plan. Benefits and services provided by the plan and contained in the Evidence of Coverage (EOC) document will be covered. Neither Medicare nor the plan will pay for benefits or services that are not covered.
